

BASIS FOR REVIEW

A review of results will only be considered where an applicant is able to demonstrate that proper academic process has not been followed or that extenuating circumstances have been overlooked. A review of results is not a re-examination of a student's work and requests for review based solely on academic judgement will not be allowed. All applications for review of results will be considered, in the first instance, by the Associate Dean (Undergraduate).

Applicant details

Student ID: _____

Surname: _____ Given Names: _____

Address: _____

_____ email: _____ phone: _____

Stage/Year _____ Semester: _____

I wish to have the following results reviewed

Unit of Code	_____	Unit name	_____	Result	_____
--------------	-------	-----------	-------	--------	-------

Basis on which review is sought (to be completed by applicant)

Applicant's Signature _____ Date _____

Decisions (to be completed by the Associate Dean (Undergraduate))
